- data scientist
- cybersecurity
- Project Management
- Computer literate
- Public Relations
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

## LANGUAGES

- English (Fluent)
- Kiswahili (Fluent)

## PROFILE

I am a passionate and ambitious Computer Science student with hands-on experience in AI and machine learning, data scientist, data structures, and algorithm design, cybersecurity etc. Proficient in Python, Javascript and C, with additional skills in web development (HTML, CSS, JavaScript) and database management (MySQL, mongoDB). I have a strong foundation in problem-solving, logical reasoning, and coding best practices, demonstrated through various academic projects and personal coding challenges.

I am eager to apply my technical knowledge in practical settings through internships and collaborative projects, where I can continue to learn and grow as a developer.

I am a quick learner, adaptable, and enjoy working both independently and within a team to deliver efficient and scalable solutions. Currently seeking internship opportunities where I can contribute my skills and enthusiasm to solve real-world problems.
